OPTIMUM TREATMENT AFTER AMPUTATION
Juzo[®] Compression Stump Shrinkers

Juzo[®]. Freedom in Motion

Sensitive stump

Juzo Compression Stump Shrinkers promote wound healing after amputation in combination with wound dressings. They are also used for oedemas and stump shaping. The soft, smooth inner surface of the fabric ensures that the stump shrinkers are comfortable to wear.

Juzo Compression Stump Shrinkers have been developed on the basis of our company's long-standing experience in manufacturing both circular-knitted and flat-knitted medical compression stockings. Along with compression stump shrinkers for the legs, Juzo also produces custom-made shrinkers for the arms.
